SKILLS

- Surveying
- Mapping
- Web Mapping
- GIS Analysis
- Geographic Information Systems (GIS)
- Remote sensing
- ArcGIS
- QGIS
- Python
- HTML 5
- JavaScript

EDUCATION

University Of Uyo
Uyo, Nigeria • 11/2019

Bachelor of Science:
Geoinformatics And Surveying

COURSES AND CERTIFICATIONS

- **Do-It-Yourself GeoApps**
Issuing authority: Esri
Credential ID 0072019
- **SQL Tips, Tricks, & Techniques**
Issuing authority: LinkedIn
- **Learning ArcGIS Python Scripting**
Issuing authority: LinkedIn
Credential ID
AbyYxcDIMFGwFUfGZDuJDtly5

SUMMARY

Enthusiastic Surveying graduate and GIS Analyst eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of GIS and GIS workflow and training in Web Development. Strengths in ArcGIS, QGIS and GIS data processing backed by training in Python scripting. Motivated to learn, grow and excel in the Geospatial Industry.

WORK HISTORY AND INTERNSHIPS

Global Education Infrastructure Services LLC - GIS Analyst
Uyo, Akwa Ibom • 06/2020 - Current

- Combined Map data with on-site data acquisition to generate unified geographic mapping information.
- Creating Education Demographic maps, carrying out Location Allocation Analysis for Industry distribution and creating of visualization from field survey data.
- Managng Database and performing calculation on data using Microsoft Excel.

Start,ng - Front End Web Developer Intern
Remote 03/2020 - 05/2020

- Created site layout and user interface using HTML and CSS practices.
- Designed, implemented and monitored web pages and sites for continuous improvement.

CS Conclutant Ltd - Survey Assistant
Uyo, Akwa Ibom • 04/2018 - 10/2018

- Used theodolites, transits, levels and satellite-based global positioning systems to determine longitudes and latitudes of important features and boundaries in survey areas.
- Recorded results of surveys, including shape, contour, location, elevation and dimensions of land or land features.
- Used AutoCAD to prepare two-dimensional plans of property features such as boundary lines, existing structures and utility lines.

Hotels.ng - Android Developer Intern
Uyo, Akwa Ibom • 08/2017 - 10/2017
Learnt Android Development Basics and buiding of applications for the Android Operating System

DQi

PROJECTS

Web-based Tourism Information System of Part of Uyo Metropolis
Nov 2019 – Jan 2020
This project involved using ArcGIS, Open Source platforms - QGIS and Leafletjs to develop and customise a tourism web map for part of Uyo City Metropolis. The resulting map was hosted at *http://touruyo.github.io*.

VOLUNTEER EXPERIENCE

Mapping Volunteer Company Name: Humanitarian OpenStreetMap Team Dates volunteered: May 2019 – Present Cause: Disaster and Humanitarian Relief
I contribute to humanitarian mapping projects by taking a task and mapping a part of the world in OpenStreetMap, so that communities, organizations and governments worldwide have access to these maps to address local development challenges and aid disaster response.
Student Volunteer Company Name: URISA's GISCorps Dates volunteered: Nov 2019 – Present Cause: Disaster and Humanitarian Relief Participating in mapping projects as per URISA's GISCorps' invitation. Mapping of vulnerable communities and mapping for humanitarian organizations
